

WHAT IS DOGTAG ALL ABOUT?

DOGTAG 100% Proof Travel Insurance
More than just travel insurance.

We invented Dogtag because of our own experience trying to get medical assistance abroad. When you travel abroad, you may be in a country where standards are different from those at home.

In some countries, medics will want to know that they are going to get paid for treating you **BEFORE** they treat you. With Dogtag you can prove you're insured. You simply wear your stainless steel Dogtag around your neck. Let's face it, you won't be going surfing with your paper insurance documents tucked into your swimwear!

WHAT ABOUT THE TRAVEL INSURANCE?

At **DOGTAG** we realised that as well as the Dogtag I.D system, you need to know you are well insured. Dogtag has partnered with Travel Guard to bring you the robust travel insurance coverage you're looking for.

COVERAGE : We want you to know what you're buying and what you're covered for so we've tried to make all the information easily available to you in various locations around the site.

On the Dogtag USA website, just click "**View Plans**" to see a summary of coverage and download PDFs of the full coverage descriptions for each of these coverage types:

Annual Multi-Trip Coverage. Specially designed for travelers who make more than one trip per year. Choose from two levels of protection: PRO or MAX. In both cases you, your trip and your belongings are covered, it's just the values that differ.

Single Trip Coverage. Designed for that special one-off vacation, we cover your trip fully against cancellation and we cover you medically for the duration of your trip.

Sports Coverage. We realise that the sort of people who value their safety and appreciate the advantages of the Dogtag system are the same people who vacation to enjoy sporting activities. So we've taken care to ensure that our standard Annual and Single Trip coverage covers you for just about any sport or activity you want to get involved in including winter sports.

There are a few exclusions to this such as skydiving and mountaineering but you can cover them too with our **Adventure Sports Upgrade**. Check the Sports tab on the Dogtag website to download full coverage description.

HOW DOES THE DOGTAG SYSTEM WORK?

When you're insured by Dogtag, you get given your own personalised stainless steel Dogtag.

This serves 3 functions:

- 1) **Proof of Insurance** - If you require medical assistance abroad, medics may be concerned how they will be paid and may ask you to prove that you are insured.
Your Dogtag carries carries **our** 24 hour travel emergency contact details This means that you'll always have emergency contact numbers on you while you travel.
- 2) **Identity** - It carries your name and your unique Dogtag identity number – this means you can easily identify yourself if you need to call us and it also means you don't need to go looking for paperwork.
- 3) **Medical Information** - It carries the Dogtag emergency web address – this enables you or, say, a medic, to go online, enter your Name and Tag Number and find important information such as:
 - verification of your insurance
 - your next of kin's contact details
 - your doctor's contact details
 - any vital medical information that you have entered

Please Note:

This is only a brief description of the coverage(s) available. The Policy will contain reductions, limitations, exclusions and termination provisions. Insurance underwritten by National Union Fire Insurance Company of Pittsburgh, Pa., a Pennsylvania insurance company, with its principal place of business at 175 Water Street, New York, NY 10038. Is currently authorized to transact business in all states and the District of Columbia. NAIC No. 19445. Coverage may not be available in all states.
